4. TITLE VI OF THE CIVIL RIGHTS ACT OF 1964: During the performance of this CONTRACT, the Consultant, for itself, its assignees and successors in interest (herein referred to as "the Consultant"), agrees as follows:

- a. Compliance with Regulations: The Consultant will comply with the Regulations of the U.S. Department of Transportation relative to nondiscrimination in Federally-assisted programs of the U.S. Department of Transportation (Title 49), Code of Federal Regulations, Part 21, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this CONTRACT.
- b. Nondiscrimination: The Consultant, with regard to the services provided by it after award and prior to completion of this CONTRACT, will not discriminate on the grounds of race, religion, color, sex, national origin, age or handicap in the selection and retention of subconsultants, including procurements of materials and leases of equipment. The Consultant will not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices when the services cover a program set forth in Appendix B of the Regulations.
- c. Solicitations for Subconsultants: In all solicitations, either by competitive bidding or negotiation made by the Consultant for work to be performed under a subcontract, including procurements of materials or equipment, each potential subcontractor or supplier shall be notified by the Consultant of the Consultant's obligations under this CONTRACT.
- d. Information and Reports: The Consultant will provide all information and reports required by the Regulations, or orders and instructions issued pursuant thereto, and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Department or the Federal Highway Administration to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of the Consultant is in the exclusive

possession of another who fails or refuses to furnish this information, the Consultant shall so certify to the Department, or the Federal Highway Administration as appropriate, and shall set forth what efforts it has made to obtain the information. Consultants and subconsultants with fifteen (15) or more employees will submit an updated Title VI Evaluation Report (EEO-D2) annually as long as the consultant or subconsultant is performing in accordance with this CONTRACT.

- e. Sanctions for Noncompliance: In the event of the Consultant's noncompliance with the nondiscrimination provisions of this CONTRACT, the Department shall impose such contract sanctions as it or the Federal Highway Administration may determine to be appropriate, including but not limited to:
 - 1) withholding of payments to the Consultant under this CONTRACT until the Consultant complies, and/or
 - 2) cancellation, termination or suspension of this CONTRACT, in whole or in part.
- f. Incorporation of Provisions: The Consultant will include the provisions of paragraphs "a" through "f" in every subcontract of \$10,000 or more, including procurements of materials and leases of equipment, unless exempt by the Regulations, order or instructions issued pursuant thereto. The Consultant will take such action with respect to any subcontractor or procurement as the Department or the Federal Highway Administration may direct as a means of enforcing such provisions including sanctions for noncompliance: Provided, however, in the event the Consultant becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the Consultant may request the Department to enter into such litigation to protect the interests of the Department and, in addition, the Consultant may request the United States to enter into such litigation to protect the interests of the United States.

5. CERTIFICATION REGARDING NON-SEGREGATED FACILITIES: By the execution of this CONTRACT, the Consultant certifies that it does not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not permit its employees to perform their services at any location, under its control, where segregated facilities are maintained. It certifies further that it will not maintain or provide for its employees any segregated facilities at any of its establishments, and that it will not permit its employees to perform their services at any location under its control, where segregated facilities are maintained. The Consultant further certifies that no employee will be denied access to adequate facilities on the basis of sex or disability. As used in this certification, the term "segregated facilities" means any waiting rooms, work areas, restrooms and washrooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, creed, color, national origin, age or handicap, because of habit, local custom or otherwise. It agrees that, except where it has obtained identical certification from proposed subcontractors and material suppliers for specific time periods, it will obtain identical certification from proposed subcontractors or material suppliers prior to the award of subcontracts or the consummation of material supply agreements exceeding ten thousand dollars, and that it will retain such certifications in its files.

6. **DISADVANTAGED BUSINESS ENTERPRISES:** The Consultant, its agents, employees, assigns, or successors, and any person, firm or agency of whatever nature with whom it may contract or make an agreement, shall comply with the provisions of 49 CFR Part 26, as amended, which is hereby made part of this CONTRACT by reference. The Consultant shall take all necessary and reasonable steps in accordance with 49 CFR Part 26, as amended, to ensure that DBE's have the maximum opportunity to compete for and perform contracts and subcontracts under this CONTRACT. Subpart E of 49 CFR 26, Section 26.13 requires each contract signed with a contractor (and each subcontract the prime contractor signs with a subcontractor) must include the following assurance:

The contractor, sub recipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate.

Further, the Consultant agrees to provide the Department with the dollar amount contracted and name of each subcontractor which identifies itself as a DBE. [Include the following wording on contract with DBE Goals: The DBE goal for this Contract is ____%.]

In accordance with the Governor's Executive Order No. 33, the Department also requires the utilization of Small, Women and Minority (SWaM) Businesses to participate in the performance of consultant contracts. The Consultant shall take all necessary and reasonable steps in accordance with Executive Order No. 33, to ensure that SWaM firms have the maximum opportunity to compete for and perform contracts and subcontracts under this Agreement. Further, the Consultant agrees to provide the Department with the dollar amount contracted and name of each subcontractor which identifies itself as a SWaM. The Swam goal for this Contract is 10%.

The Department is also required to capture DBE and SWaM payment information on all professional services contracts. Therefore, the prime consultant will be required to complete the DBE and SWaM Payment Compliance Report, C-63 form on a quarterly basis.

DBE/SWAM certification entitles consultants to participate in VDOT's DBE/SWAM program. However, this certification does not guarantee that the firm will obtain VDOT work nor does it attest to the firm's abilities to perform any particular work.

In the event of the Consultant's noncompliance with the DBE participation for the services indicated in Attachment D, Fee Proposal, of this CONTRACT, the Department shall impose such contract sanctions as it or the Federal Highway Administration may determine to be appropriate, including but not limited to:

- a. Withholding of payments to the Consultant under this CONTRACT until the Consultant complies, and/or
- b. Cancellation, termination or suspension of this CONTRACT, in whole or in part.

7. **TDD/TTY EQUIPMENT FOR THE DEAF:** When seeking public participation through the maintenance of a toll free hot line number and/or publishing project-related materials, the Consultant agrees to ensure that all citizens have equally effective communication. The

Consultant agrees to provide or identify a telecommunications device for the deaf/teletypewriter (TDD/TTY) or acceptable means of telephone access for individuals with impaired speech or hearing. The Consultant will provide notice of a TDD/TTY number whenever a standard telephone number is provided.

8. IMMIGRATION REFORM AND CONTROL ACT OF 1986: By signing this CONTRACT, the Consultant certifies that it does not and will not during the performance of this CONTRACT violate the provisions of the Federal Immigration Reform and Control Act of 1986, which prohibits employment of illegal aliens.

9. OCCUPATIONAL SAFETY AND HEALTH STANDARDS: The Consultant shall not require any individual employed in the performance of this CONTRACT to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous to health or safety as determined under the Occupational Safety and Health Standards promulgated by the United States Secretary of Labor. This provision shall be made a condition of any subcontract entered into pursuant to this CONTRACT.

In addition, the Consultant shall abide by the Virginia Occupational Safety and Health Standards adopted under Section 40.1-22 of the Code of Virginia (1950), as amended, and will fulfill the duties imposed under Section 40.1-51.1 of the Code of Virginia. Any violation of the aforementioned requirements or duties which is brought to the attention of the Consultant by any person shall be immediately abated.

10. CERTIFICATION REGARDING DEBARMENT: By the execution of this CONTRACT, the Consultant certifies to the best of its knowledge and belief, that it and its principals:

- a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
- b. Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; and have not been convicted of any violations of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statements, or receiving stolen property;
- c. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (b) of this certification; and
- d. Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

11. **LEGAL JURISDICTION:** This CONTRACT shall be construed and shall be governed in accordance with the Constitution and the laws of the Commonwealth of Virginia.

12. **SEVERABILITY:** The declaration by any court, or other binding legal source, that any provision of this CONTRACT is illegal and void shall not affect the legality and enforceability of any other provision of this CONTRACT, unless said provisions are mutually dependent.

13. **FINAL ACCEPTANCE AND FINAL PAYMENT:** All services performed under this CONTRACT shall be performed in accordance with the current standards, policies, and procedures of the Department, and in the case of projects using federal funds, the Federal Highway Administration (FHWA). All services shall be subject to the approval of the Department through its designated representatives.

Upon receipt of a written notice from the Consultant of completion of the services, the Department will make a review to determine if all services specified in the CONTRACT have been satisfactorily completed. If all services have been satisfactorily completed, the Department will make final acceptance. The Consultant will be notified of final acceptance in writing.

If the review discloses that any services, in whole or in part, are incomplete or unacceptable, the Consultant shall immediately correct the deficiency. Upon completion or correction of the services, another review will be made that will constitute the final review. In such event, providing the services are complete and acceptable, the Department will make the final acceptance and the Consultant will be notified of final acceptance in writing.

When final acceptance has been duly made by the Department, the Consultant shall submit a final estimate voucher. Except as provided for in Section 17, any disputes or claims between the Consultant and the Department or between the Consultant and any subconsultant shall have been resolved prior to the final estimate being submitted. Upon review and approval of the final estimate voucher by the Department, the Consultant will be paid the entire sum due after previous payments are deducted and other amounts are retained or deducted under the provisions of the CONTRACT. Final payment will become due and the final estimate paid within sixty (60) calendar days after approval of the final estimate voucher. The Department will notify the Consultant in writing when the final payment is made. Payments shall be subject to correction at the time of the final audit.

14. **CLAIMS FOR ADDITIONAL TIME OR COMPENSATION:** Claims for services not clearly authorized by this CONTRACT, or not ordered by the Department by prior written authorization, shall not be paid, nor shall any additional time be granted to complete the services. The Consultant shall notify the Department in writing, and wait for written approval, before it begins providing services not previously authorized. If such notification and approval is not given or the claim is not properly documented, the Consultant shall not be paid the extra compensation, nor be granted any additional time. Proper documentation alone shall not prove the validity of the claim. If the claim is found to be valid, it shall be allowed and paid for in accordance with the terms of a supplemental agreement.

15. **CONTRACT MODIFICATION:** The Department may, at any time, by written order, make any changes in this CONTRACT which either increase or decrease the services hereunder. If such change causes an increase or decrease in the cost of or the time required for performance of this CONTRACT, an equitable increase or decrease in consideration may be made and this CONTRACT shall be modified in writing by a Supplemental Agreement between the Department and the Consultant. The Supplemental Agreement shall set forth the proposed changes in services, extension of time for completion and adjustment of the compensation, including net fee, to be paid the Consultant, if any. If the parties fail to agree upon the adjustment to be made, the dispute shall be determined as provided in this CONTRACT, but nothing in this section shall excuse the Consultant from promptly and diligently proceeding with the prosecution of the services so changed.

16. **DELAYS:** If the services provided for under this CONTRACT should be delayed due to factors or conditions beyond the control of the Consultant and through no fault or negligence on its part, the Consultant may apply in writing for an extension of time and/or an adjustment in compensation. This request shall be accompanied by substantiating data to justify any extension of time and/or adjustment in compensation. If, in the opinion of the Commonwealth Transportation Commissioner or his duly authorized representative, a delay due to factors and conditions beyond the Consultant's control is justified, the Consultant may be granted an extension of time and/or adjustment in compensation.

17. **DISPUTES:** Any contractual claim in connection with the services provided, whether for money or other relief, not disposed of by mutual agreement shall be submitted in writing no later than sixty (60) days after final payment; however, written notice of the Consultant's intention to file such a claim shall have been given at the time of the occurrence or beginning of the services upon which the claim is based. Submission of a notice of claim as specified shall be mandatory. Failure to submit such a notice shall be a conclusive waiver of such claim by the Consultant. An oral notice or statement will not be sufficient nor will a notice or statement after the event.

At the time of occurrence or prior to providing the services, the Consultant shall furnish the Department an itemized fee proposal for which additional compensation will be claimed. The Consultant shall keep a separate record of actual cost for the services. Failure on the part of the Consultant to afford the Department proper records of actual costs will constitute a waiver of a claim for such extra compensation except to the extent that it is substantiated by the Department's records. The filing of such notice by the Consultant and the keeping of cost records by the Consultant shall in no way establish the validity of a claim. The data furnished by the Consultant shall be subject to a complete audit by the Department or its authorized representative if they are to be used as a basis for claim settlement.

Upon completion of the CONTRACT, the Consultant may, within sixty (60) days from the date of final payment, submit to the Department a written claim for the amount he deems he is entitled to under the CONTRACT. The final payment date shall be that date set forth in a letter from the Department to the Consultant at the time the final estimate is submitted to the Fiscal Division for vouchering. The claim shall set forth the facts upon which the claim is based. The Consultant shall include all pertinent data and correspondence that may substantiate the claim.

Within ninety (90) days from receipt of the claim, the Department will make an investigation and notify the Consultant of its decision.

If the consultant is dissatisfied with the decision, he shall notify the Commissioner in writing within thirty (30) days from receipt of the Department's decision that he desires to appear before him, whether in person or through counsel, and present additional facts and arguments in support of his claim. The Commissioner will schedule and meet with the Consultant within thirty (30) days after receiving the request. Within forty-five (45) days from the date of the meeting, the Commissioner will investigate the claim, including the additional facts presented, and notify the Consultant in writing of his decision. If the Commissioner deems that all or any portion of a claim is valid, he shall have the authority to negotiate a settlement with the Consultant subject to the provisions of Section 2.2-514 of the Code of Virginia 1950 as amended. If dissatisfied with the decision, the Consultant shall be entitled to institute judicial review if such action is brought within six months of receipt of the Commissioner's written decision. Any civil action by the Consultant shall be subject to the provisions of Section 2.2-4363 (D) of the Code of Virginia (1950), as amended.

Upon completion of the final audit, the Consultant may, within sixty (60) days from the date of receipt of the final audit letter from the Department, submit to the Department a written claim for the amounts he disputes in the final audit. The dispute resolution process will be the same as outlined above for claims.

Any monies that become payable as the result of claim settlement after payment of the final estimate or final audit dispute resolution will not be subject to payment of interest unless such payment is specified as a condition of the claim settlement.

18. CONFLICTS OF INTEREST: No member of or delegate to the Congress of the United States shall be entitled to any share or part of this Agreement or to any benefit arising therefrom. The Consultant shall not engage the services of any person employed by the Department on any services covered by this CONTRACT without written permission of the Department. Written permission will not be granted for any employee having official responsibility, as that term is defined in Section 2.2-4368 of the Code of Virginia, who dealt in an official capacity with the Consultant concerning procurement during his employment or for a period of one year from cessation of employment by the Department unless the employee or former employee provides written notification to the Department and receives written permission prior to commencement of employment by the Consultant. Any violation of these provisions by the Consultant shall be a basis for immediate termination of this CONTRACT for cause.

19. COVENANT AGAINST CONTINGENCY FEES: The Consultant warrants that it has not employed or retained any company or person to solicit or secure this CONTRACT and that it has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the Consultant, any fee, commission, percentage, brokerage fee, gifts or any other consideration contingent upon or resulting from the award or making of this CONTRACT.

For breach or violation of this warranty, the Department shall have the right to void this CONTRACT without liability or, at its discretion, to deduct from the CONTRACT price or

consideration, or otherwise recover, the full amount of such fee, commission, brokerage fee, gift, or contingent fee.

20. **INSURANCE:** The Consultant shall furnish the Department a certificate evidencing comprehensive commercial general liability insurance in an amount acceptable to the Department prior to beginning any work on the project, and agrees to maintain this amount throughout the life of this CONTRACT.

The Consultant shall provide the Department with a certificate evidencing professional liability insurance in an amount acceptable to the Department and agrees to maintain this amount through the life of this CONTRACT.

The Consultant shall provide the Department with a certificate evidencing worker's compensation insurance as required by law by an insurer authorized to transact the business of worker's compensation insurance in this Commonwealth or in compliance with Section 65.2-801 of the Code of Virginia (1950), as amended, and agrees to maintain this amount through the life of this CONTRACT.

In the event of a non-renewal or cancellation of such required insurance coverage, thirty (30) days written notice must be given to the Department prior to such non-renewal or cancellation. Certificates evidencing insurance shall be submitted annually to the Department.

21. **PROGRESS SCHEDULE AND REPORTS:** The Consultant shall furnish the Department a schedule of progress which it proposes to follow throughout the term of this CONTRACT. No services shall commence until such schedule has been approved in writing by the Department. The schedule shall indicate starting and completion times of each significant task for each major element of this CONTRACT, and shall have the capability of indicating the proposed percentage of completion at any point for each element, if so required by the Department.

The Consultant shall submit a monthly progress report in a format acceptable to the Department.

22. **PLANS AND REPORTS:** Plans and reports shall be completed and delivered to the Department according to the progress schedule or as otherwise directed, in a format acceptable to the Department.

23. **CORRECTION OF ERRORS:** The Consultant shall check for accuracy any reports, and the design, drafting and details of final plans prior to submission. The Consultant will be required, without additional compensation, to correct any errors, including but not limited to omissions, discrepancies and ambiguities, in any services performed in fulfillment of the obligations of this CONTRACT, and shall also reimburse the Department for any costs incurred. Acceptance of the plans or reports by the Department shall not relieve the Consultant of the responsibility of subsequent correction of errors.

Costs incurred by the Consultant in correcting errors in the plans or reports and reimbursing the Department for costs incurred by the Department as a result of such error shall

be maintained in a separate account. Such account shall be clearly coded and identified, and shall be subject to audit by the Department. Such costs shall not be billed to the Department as a direct charge or an overhead item.

24. **LIABILITY, INDEMNIFICATION, STANDARD OF PERFORMANCE:** The Consultant shall be responsible for all damage and expense to person or property caused by its negligent activities including, without limitation, those which it chooses to deliver through its subcontractors, agents or employees, in connection with the services required under this CONTRACT. Further, it is expressly understood that the Consultant shall indemnify, defend and hold harmless the Commonwealth of Virginia, the Department, its officers, agents and employees from and against any and all damages, claims, suits, judgments, expenses, actions and costs of every name and description caused by any negligent act or omission in the performance by the Consultant, including, without limitation, those which it chooses to deliver through its subcontractors, agents or employees, of the services under this CONTRACT.

The Consultant shall also be liable for all damages, costs and additional expense incurred by the Department, including but not limited to damages, costs and expenses resulting from claims brought against the Department by the construction contractor(s), caused by the failure of the Consultant to perform the services with the same degree and standard of care and skill normally expected of and provided by consultants in the performance of the same or similar services.

Acceptance of the services by the Department shall not waive any of the rights of the Department contained in this section nor release or absolve the Consultant from any liability, responsibility or duty contained herein.

25. **TERMINATION:** This CONTRACT may be terminated as follows:

- a. By mutual agreement of the parties, in writing and signed by the parties.
- b. By the Department without cause, in whole or in part, at any time, with fifteen (15) days advance notice in writing, by the end of which period the Consultant shall have discontinued all services and shall have delivered to the Department all reports, records, drawings, field notes, plans and other data completed or partially completed, which shall become and remain the sole property of the Department. The Department reserves the right to terminate this CONTRACT without the fifteen (15) days advance notice in the event the Consultant avails itself of the Federal or State Bankruptcy Laws or merges with or spins off from an entity. The Department's decision is not subject to review.
- c. By the Department without advance written notice, due to the failure of the Consultant to perform the services or fulfill its obligation(s) under this CONTRACT, in which case the Department may take over the services and prosecute the same to completion by further agreement or otherwise, and the Consultant shall be liable to the Department for any excess cost occasioned to the Department thereby.
- d. By failure of the General Assembly to appropriate, or the Commonwealth Transportation Board to allocate, sufficient funds to continue the services, in which event the

CONTRACT will terminate upon depletion of the then currently appropriated or allocated funds.

26. ASSIGNMENT AND SUBCONTRACTING: This CONTRACT, being intended to secure the personal services of the individuals constituting the firm which is a party to this CONTRACT and referred to collectively as “the Consultant,” shall not be assigned, subcontracted or transferred without consent of the Department in writing. This CONTRACT shall inure to the benefit of and shall be binding upon the personal representatives and legal successors of the respective parties hereto. Nothing contained in this CONTRACT is intended or shall be construed to inure to the benefit of any person or entity other than the parties hereto and their legal successors.

The Consultant shall not subcontract or assign all or any part of the services provided under this CONTRACT, except as expressly stated in this CONTRACT, without the prior written approval of the Department. Such consent to subcontract, assign or otherwise dispose of any portion of this CONTRACT shall not be construed to relieve the Consultant of any responsibility for the fulfillment of this CONTRACT. The Consultant is fully responsible for the satisfactory completion of all subcontracted services. Subcontracts shall include all provisions of this CONTRACT, except that retainage need not be withheld on subcontracts, and the Consultant shall be responsible for seeing that these provisions are complied with. No subcontracting by a subcontractor is allowed without prior written approval of the Department.

27. PAYMENT TO SUBCONTRACTORS: In accordance with Article 4 of the Virginia Public Procurement Act (Sections 2.2-4342 through 2.2-4356 of the Code of Virginia (1950), as amended), the Consultant shall make payment to all subcontractors within seven days after receipt of payment from the Department, or shall notify the Department and subcontractor in writing of the intention to withhold all or a part of the amount due along with the reason for nonpayment.

In the event payment is not made as noted, the Consultant shall pay interest at the rate of one percent per month to the subcontractor, unless otherwise provided in this CONTRACT, on all amounts that remain unpaid after seven days except for the amounts withheld according to this CONTRACT.

The Department does not require retainage to be withheld by the Consultant on any subcontracts. If the Consultant elects to withhold retainage on subcontracts, prompt payment of the retainage shall be made to the subcontractors within the later of 60 days after the final billing is received by the Consultant from the subcontractor or the satisfactory acceptance of the services by the Department. The Department will notify the Consultant and the subcontractor in writing when the services have been satisfactorily accepted. If the retainage is not promptly paid, the Consultant shall notify the Department and the subcontractor in writing as to the reasons for not making payment.

These same requirements shall be included in each subcontractor agreement and shall be applicable to each lower-tier subcontractor.

28. CONSULTANT RELATIONSHIPS TO CONTRACTORS: The Consultant shall serve only in a consulting and professional capacity and is not by this CONTRACT authorized to be, or represent itself to be, the agent or servant of the Department. The function, duties and responsibilities of the Consultant with respect to any contractor employed by the Department in connection with a project shall be consistent with the preceding sentence, and in no case shall the Consultant assume any of the obligations of the Department to any contractor. The Consultant shall refer any questions from a contractor to the Department.

29. COMPLIANCE WITH LOBBYING RESTRICTIONS (This section only applies to agreements using federal funds.): By signing this CONTRACT, the Consultant certifies that:

- a. Since promulgation of the federal requirements implementing Section 319 of PL 101-121, no federal appropriated funds have been paid and none will be paid, by or on behalf of the Consultant, to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of a federal contract, the making of any Federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement;
- b. If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this federal contract, grant, loan, or cooperative agreement, the Consultant shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
- c. The Consultant shall require that the language of this certification be included in all subcontracts at all tiers, and that all subcontractors shall certify and disclose accordingly.

30. RECORDS: The Consultant and subcontractors shall retain all books, documents, papers, accounting records and other evidence supporting the costs incurred, for three years after payment of the final estimate or final audit, whichever is later. Such evidence shall be made available at the Consultant's offices at all reasonable times and will be subject to audit and inspection by the Department or any authorized representatives of the Federal Government.

Evidence of costs incurred by a subcontractor shall be made available at its office at all reasonable times during the contract period between the Consultant and the subcontractor and for three years after written acceptance by the Consultant, for audit and inspection by the Department or any authorized representatives of the Federal Government. It shall be the Consultant's responsibility to notify the Department, in writing, of the completion of that subcontractor's portion of the services so that the records of the subcontractor can be audited within the three-year retention period. Failure to do so may result in the Consultant's liability for any costs not supported by the proper documentation for the subcontractor's phase of the

services. Final payment for the subcontractor's phase of the services will be made after total costs are determined by the final audit of the subcontractor.

31. INTELLECTUAL PROPERTY RIGHTS: All rights in intellectual property developed or created pursuant to this CONTRACT shall be the sole property of the Department. "Intellectual property" includes all inventions subject to the U.S. Patent System (including but not limited to new processes, materials, compounds and chemicals), and all creations subject to the U.S. Copyright Act of 1976 (including but not limited to printed material, software, drawings, blueprints, and compilations such as electronic databases).

All copyrightable material created pursuant to this CONTRACT shall be considered work made for hire and shall belong exclusively to the Department. Neither party intends any copyrightable material created pursuant to this CONTRACT, together with any other copyrightable material with which it may be combined or used, to be a "joint work" under the copyright laws. If the whole or any part of any such copyrightable material cannot be deemed work made for hire or is deemed a joint work, the Consultant agrees to assign, and does hereby irrevocably assign, its entire copyright interest therein to the Department and shall execute and deliver such further documents as the Department may reasonably request for the purpose of acknowledging or implementing such assignment.

The Consultant warrants that no individual, other than regular employees of the Consultant or the Department working within the scope of their employment, shall participate in the creation of any intellectual property pursuant to this CONTRACT unless such individual and his or her employer, if any, have signed an intellectual property agreement satisfactory to the Department.

The Department shall have all rights, title and interest in or to any invention reduced to practice pursuant to this CONTRACT. The Consultant shall not patent any invention conceived in the course of performing this CONTRACT.

The Consultant hereby agrees that, notwithstanding anything else in this CONTRACT, in the event of any breach of this CONTRACT by the Department, the remedies of the Consultant shall not include any right to rescind or otherwise revoke or invalidate the provisions of this section. Similarly, no termination of this CONTRACT by the Department shall have the effect of rescinding the provisions of this section.

32. OWNERSHIP OF DOCUMENTS: All documents, which for purposes of this CONTRACT is defined to include but not be limited to, reports, plans, subject data ("subject data" is defined as all information, whether or not copyrighted, that is compiled or delivered or specified to be compiled or delivered under this CONTRACT), drawings, studies, specifications, memoranda, estimates and computations secured by and for the Consultant in the prosecution of this CONTRACT shall become and remain the property of the Department upon termination or completion of the work. The Department shall have the right to use such documents for any public purpose without compensation to the Consultant, other than as hereinafter provided. If the Department uses the documents for a purpose other than for which this CONTRACT has been executed, such use shall be at the risk of the Department.

Except for its own internal use, the Consultant shall not publish or reproduce documents, in whole or in part, in any manner or form, nor shall the Consultant authorize others to do so without the written consent of the Department.

The Department reserves the right to publish initially all documents. The Consultant shall not release or publish any documents without the prior written approval of the Department. Neither the Consultant, nor any subcontractor or any agents, employees or subcontractors thereof, shall publish, participate in the publication of, or make oral presentations regarding any documents, information or material relating to this project, either during or after the term of this CONTRACT, without specific prior written approval of the Department. Any releases to the news media must be approved by and released through the Department.

The terms of this section shall be expressly included in any third-party agreement entered into by the Consultant or by any subcontractor, agents, employees or subcontractors thereof.

33. PUBLICATION PROVISIONS: No documents produced as part of this CONTRACT, and in whole or part with public funds, shall be copyrighted by the Consultant. When the project uses federal funds, any final report shall contain the following:

- a. An acknowledgment, "Prepared in cooperation with the U.S Department of Transportation, Federal Highway Administration and the Virginia Department of Transportation";
- b. A disclaimer, "The contents of this report reflect the view of the Consultant who is responsible for the facts and the accuracy of the data presented herein. The contents do not necessarily reflect the official views or policies of the Federal Highway Administration or the Virginia Department of Transportation. This report does not constitute a standard, specification or regulation.";
- c. A statement, if published by either the Department or the Consultant, giving credit to all participating agencies.

In the event the Department does not subscribe to the conclusions of the report, the following statement shall be added: "The opinions, findings, and conclusions expressed in this publication are those of the authors and do not necessarily represent those of the Virginia Department of Transportation."

The terms of this section, and the section entitled "Ownership of Documents" shall be expressly included in any third-party agreement entered into by the Consultant or by any subcontractor, agents, employees or subcontractors thereof.

34. STAFFING BY CONSULTANT: The control and supervision of all phases of the work performed under THIS CONTRACT by THE CONSULTANT shall be under the direction of a Right of Way Manager who has not less than five years experience in the type of work herein described and shall be assigned to the project until all work has been completed or until THE DEPARTMENT agrees in writing that the manager may be replaced or removed. The Right of Way Manager shall hereinafter be called the Project Manager.

A staff of competent Right of Way Specialists, adequate in number and experience to perform the described work in the prescribed time, shall be assigned to the work at all times. ATTACHMENT B

1. **ACTUAL COST:** For services performed according to the provisions of THIS CONTRACT, THE DEPARTMENT agrees to pay THE CONSULTANT for each project an amount equal to the actual hours expended, multiplied by the Fixed Billable Rate for each work classification based upon the scope of work for each project, not to exceed the total number of hours shown in the fee proposal, plus non-salary direct costs identified in the fee proposal based upon actual costs incurred, all of which are subject to audit and adjustment.

2. **FIXED BILLABLE RATE:** The fixed billable rate shall be based upon the following items:

a. **AVERAGE WAGE RATE PER CLASSIFICATION:** The current average hourly rate for each classification shall be computed by averaging the direct salaries of all personnel under that classification and converting that to an average hourly wage rate. Direct salaries are defined as cost of salaries of appraisers, right of way specialists, relocation specialists, or other personnel, including partners or principals actually performing work or a service, for the time directly chargeable to the project. Cost of time of partners or principals, to the extent that they perform technical or advisory services directly applicable to the project, shall be included in the Fixed Billable Rate at the rates approved by THE DEPARTMENT. The time of partners or principals, as stated above, shall be documented by using time sheets as the cost is incurred. Total direct salaries shall not exceed those shown in the fee proposal, except by prior approval of the Commonwealth Transportation Commissioner of THE DEPARTMENT or his duly authorized representative.

b. **OVERHEAD COSTS:** Overhead costs are defined as those general administrative and clerical costs at the Consultant's home office which are necessary to the proper performance of the services, but cannot be effectively and economically allocated to the project. Cost of time of partners or principals performing administrative duties shall be included in the Overhead Costs. Overhead costs are expressed as a percentage of direct salaries or other acceptable base.

c. **PAYROLL BURDEN AND OVERHEAD RATE:** The Consultant's most recent payroll burden and overhead rate, audited by an independent certified public accountant or cognizant government agency, established annually in accordance with the Federal Acquisition Regulations, will be applied for the purpose of computing monthly partial payments. Non-allowable costs are those identified in the Federal Acquisition Regulations.

The Consultant and its subconsultants are required to submit Federal Acquisition Regulations (FAR) audits on an annual basis within six months of the end of the Consultant's fiscal year. The Department will approve a provisional payroll overhead (payroll burden and overhead) billing rate for the fiscal year submitted. Subsequent estimate vouchers must adjust overhead to the provisional overhead billing rate approved for the fiscal year that has been reviewed, and for billing periods in the next fiscal year until an approved provisional overhead billing rate is established for that year. Increases in the provisional overhead billing rate or actual applied overhead based on audit are not a basis for an increase in the fixed fee or in the maximum compensation payable. The provisional overhead billing rate is subject to post audit

prior to final payment. Overhead adjustments for work previously billed will not be allowed until time of final audit.

Payroll Burden is defined as sick leave, vacation, and holiday pay of appraisers, right of way specialists, relocation specialists, and other technical personnel, plus payroll excise and unemployment compensation insurance, retirement plan, and life and medical insurance benefits. Costs of company contribution to life insurance, medical insurance, and retirement plan for employees shall be normal and reasonable. Payroll Burden is expressed as a percentage of direct salaries.

d. NON-ALLOWABLE COSTS: THE DEPARTMENT's Audit Policy Procedure conforms with that established in the Federal Acquisition Regulations.

e. NET FEE: For services performed according to the provisions of THIS CONTRACT, THE DEPARTMENT agrees to pay THE CONSULTANT its Actual Cost, as defined in this section, plus a NET FEE as specified in the fixed billable rate Attachment C.

3. NON-SALARY DIRECT COSTS:

- a. Non-salary direct costs shall include purchase and rental of all materials, supplies and equipment necessary for the performance of the services on each assignment and cost of outside professional consulting or contracting services, all at invoiced cost to the Consultant, plus the cost of communications and reproductions directly chargeable to the project, plus necessary travel and per diem expenses. The purchase cost of all materials, supplies and equipment, which are not for the exclusive use in providing the services included in this Agreement, are not allowed as non-salary direct costs and shall be included in the Consultant's overhead. These items include, but are not limited to, fax machines, copiers, computers, software, refrigerators, coffee makers, microwave ovens, cellular telephones, pagers, helmets, tape measures, fire extinguishers, and professional books and references.
- b. The cost of motor vehicle rentals and the cost of common carriers shall be the actual cost incurred. The cost of motor vehicle leases shall be [the actual cost incurred, subject to audit] [at the rates shown in Attachment C]. Leases must be supported by bona fide documentation from the leasing company and will only be allowed from established companies in the business of leasing vehicles.
- c. For use of personal or company owned vehicles, the reimbursable rate per mile stipulated in the cost proposal (Attachment C) shall be allowed to cover costs.
- d. For personnel in travel status, reimbursement of actual expenses up to the maximum amount per day (as shown in Attachment C) will be allowed for meals. Reimbursement will not be allowed for meals unless an overnight stay is required. Actual expenses up to the maximum amount per day (as shown in Attachment C) will be allowed for lodging of personnel in travel status.
- e. Total non-salary direct costs shall not exceed those shown in each assignment's proposal, except by prior approval of the Department.
- f. Costs of time applied and charged directly to each assignment for the services of special outside consultants, contractors or drafting services shall be included in non-salary direct costs at rates stipulated in the proposal or received by competitive bidding.

- g. Invoiced cost to the Consultant of all technical computations for each assignment performed by outside commercial electronic computation services shall be included in non-salary direct costs.

4. **IN-HOUSE COMPUTER COSTS:** Computer/CADD costs for all technical computations or databases for the project, performed on the Consultant's in-house electronic computer, shall be charged as a separate item at an hourly rate established by a Federal Acquisition Regulations audit and representative of actual costs, not to exceed \$6.00 per hour, or shall be included in the Federal Acquisition Regulations audited overhead rates.

5. **ESTIMATED COSTS:** A detailed itemized breakdown of allowable costs and computation of all costs and fees has been submitted by the Consultant with the fee proposal in the general form as furnished by the Department, and is hereby incorporated as part of this Agreement.

6. **CONTRACT TERM:** Under this Agreement, assignments may be issued during the 12-month period following the date of execution of this Agreement or when the cumulative total of fees for project assignments reaches the maximum total compensation, whichever occurs first. This period shall be referred to as the "Contract Term".

7. **TOTAL COMPENSATION:** Except as may be changed according to the Agreement Modification provision of this Agreement, the maximum total compensation payable under this Agreement will not exceed the amount stated in the Letter of Agreement. If during the Contract Term, the cumulative total of all issued project assignments reaches the maximum total compensation limit, no further assignments may be issued during the Contract Term.

8. **MONTHLY PARTIAL PAYMENTS:** Monthly partial billings will be submitted as established in Attachment C. When the net receivable amount is less than \$500.00, no partial payment will be made and the value of such work shall be carried over to the next monthly billing. Monthly partial payments will be made for the services outlined [herein/in each assignment's proposal] based on the sum of the Consultant's statement of actual costs incurred. Billings shall be submitted no more frequently than once every 30 calendar days.

9. **TERMINATION WITHOUT CAUSE:** In the event this Agreement is terminated without cause, payment shall be made on the basis of the Actual Cost incurred up to the effective date of termination, subject to audit.

10. **AGREEMENT RENEWAL:** The Department, at its sole discretion, may renew this Agreement for a maximum of two additional one-year Contract Terms, provided the option to renew was indicated in the Request for Proposal. If the Department exercises its option to renew, the next Contract Term shall begin 12-months from the date of execution of this Agreement or any subsequent renewals of the Contract Term or when the cumulative total of fees for project assignments issued in any Contract Term reaches the maximum total

compensation, whichever occurs first. The sum of all projects in one Contract Term shall not exceed the amount specified in the original contract. Any unused or uncommitted amounts from a previous term are forfeited and shall not carry forward to the next Contract Term. Upon the Department's decision to renew the Agreement, a renewal letter shall be sent to the Consultant authorizing the Consultant to extend the Agreement by one additional Contract Term.

11. EXPIRATION OF AGREEMENT: This Agreement will expire, on the earlier of one year from the date of this Agreement or when the cumulative total of fees for project assignments issued reaches the maximum total compensation unless the option to renew the Agreement is exercised in writing by the Department as described in Item I above. If the Department elects not to renew this agreement for an additional Contract term, as permitted by the Agreement, no new letter of agreements may be made under this Agreement after this date. Assignments for which letter of agreements have been executed prior to this date will be completed and monthly partial payments processed.
